BOARDING RELEASE

1. All dogs must have proof of current vaccinations including canine distemper, adenovirus type-1 and type-2, bordetella, leptospirosis, parainfluenza, parvovirus, rabies, and coronavirus given by a licensed veterinarian. In the event that the vaccinations are not current within one year, we will perform this service upon admittance to our boarding facility at an additional fee. Vaccinations must be given two weeks prior to boarding.

2. All cats must have proof of current vaccinations including rabies, feline distemper, viral rhinotracheitis, calicivirus, and pneumonia given by a licensed veterinarian. In the event that vaccinations are not current within one year, we will perform this service upon admittance to our boarding facility at an additional fee. Vaccinations must be given two weeks prior to boarding.

3. Anxiety is very common when pets are away from home. This can cause weight loss due to not eating, vomiting, diarrhea, etc. This condition will be treated on an as needed basis to provide your pet with the most pleasant experience possible.
